This collection consists of unsolicited donated materials received in small volumes and not requiring deeds of gift. Items are arranged chronologically by date received.

RESTRICTIONS AND LITERARY RIGHTS:

Because these materials come from a wide range of sources, the rights for publication vary. Researchers wishing to publish specific items should inquire with regarding the copyright status of specific documents.

The following classes of items are withheld from research use:

1. Papers and other historical materials the disclosure of which would constitute a clearly unwarranted invasion of personal privacy of a living person.

2. Papers and other historical materials that are specifically authorized under criteria established by statute or Executive order to be kept secret in the interest of national defense or foreign policy, and are in fact properly classified pursuant to such statute or Executive order.

SCOPE AND CONTENT NOTE

This collection consists of donated materials that were received in small enough batches that did not require deeds of gift. Also included in the collection are small groups of Dwight D. and Mamie Eisenhower documents sent to the Eisenhower Library by the office at the Gettysburg farm. These have been retained within this collection. A few items in the collection are fragile and may not be photocopied. Digital photography with flash may be allowed, but if there are questions, please consult with an archivist before proceeding.

Folders are identified by the individual donor with additional information regarding the contents of the donation. Files are arranged chronologically by date received.
